

Garage Grande

Location

Neuwaldegger Straße 31/2
1170 Vienna, AT

Building Type

former parking garage

Reuse

temporary, multifunctional
experimental & community space

Usable Area

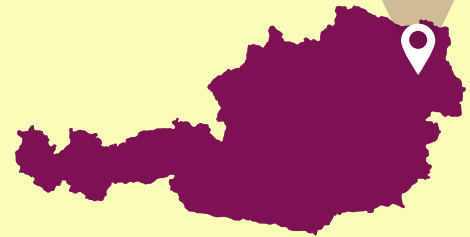

~ 2,500 m²

Governance

publicly initiated + private
ownership structure

Opening

since 2020 (temporary use)

Initial Situation

- Vacant parking garage without a long-term use perspective
- Structurally outdated & no longer suitable for contemporary use
- Lack of freely accessible spaces in a densely built environment
- Need for space for neighbourhood, exchange & new ideas

Reuse Strategy

Strategy: temporary, multifunctional interim use of a vacant structure, open to initiatives and individuals

Spatial programme:

- Urban gardening & greening
- DIY workshops & repair activities
- Art, culture & events

Character: experimental, community-oriented, low-threshold

Objectives

- Activation of a vacant building on a temporary basis
- Creation of an open meeting place
- Promotion of community & exchange
- Experimental space for climate adaptation & new uses

Operating Concept

- Coordination by a public institution (*GB* Stadt Wien*)
- Use by initiatives, associations & individuals
- Open, self-organised usage system

Key Actors

- **Main operator:** Urban Renewal Office (*GB* Stadt Wien*)
- **Owner:** private real estate developer (*Ulreich Bauträger*)
- **Users:** initiatives, neighbourhood, etc.

Key Features of the Project

- Interim use as a strategic urban development tool
- Large vacant space activated without extensive renovation
- Combination of climate-related & social uses
- High flexibility & openness for experiments

Transferability

What makes this example particularly instructive?

- Shows the potential of the temporary use of large vacant spaces
- Demonstrates use as an experimental & learning environment
- Highlights the role of public actors as enablers

Who is this model suitable for?

- Cities & municipalities with larger vacant properties
- Owners in transition phases
- Projects focusing on community, climate & culture
